So, I am occasionally affected with seasonal depression. It rains here about 7 months out of the year & willing a sun baby it really gets me down. Well I was put on overdose valium, which help cessate my urge to smoke, thankfully, BUT I was afflicted with what 1 in 5000 why take this are afflicted with, hyperactivity of the brain. Imagine, if you will, the This is our Brain on Drgs commercial. Well, you know how the egg pops, imagine another egg popping on each of those pops, & again, & truly drove me nuts. I mean I literally stayed up at night with all sbutts of thought running through my head. I couldn t sleep a wink.
